

AASHIGA DHANUSU

WEB DEVELOPMENT

ABOUT ME

Enthusiastic developer with practical experience in Full-Stack Web Development using HTML, CSS, JavaScript, Flask, and SQLite. I have built real-world projects, including a responsive booking web application. Currently, I am exploring AI/ML integration with web technologies and am passionate about building scalable and impactful applications.

PROJECT

Palm Glow – Mehendi Booking Web Application

GitHub: <https://github.com/Aashiga10>

Stack: HTML, CSS, JavaScript, Flask, SQLite

Palm Glow is a responsive, full-stack web application crafted for mehendi design bookings. It offers users an engaging platform to explore various designs and submit booking requests through an interactive interface. The backend efficiently processes user data and stores booking details in a SQLite database, showcasing seamless integration between frontend and backend technologies.

CERTIFICATIONS
